

PARDON OUR DUST

Work has begun on the new St. George Plantation Community Clubhouse. The safety fences are up and the workers have moved the entrance to the pool. The pool will remain open as long as it is safe. There will be unavoidable temporary pool closings but we will try to give as much notice as possible when it becomes necessary to close.

Also, starting around three or four weeks from now, pile drivers will start pounding about 80 pilings roughly 40 feet into the ground. That process should take approximately two weeks. We will do our best to keep noise, dust, and disruption to a minimum. **Sundays, holidays, and evenings will be quiet because the Plantation doesn't allow construction work on those days and work can't start before 7:30 AM and must cease by 7:00 PM. on working days.**

As work progresses, we will keep you informed of scheduled construction activities as far ahead as possible.

We all look forward to that time in the near future when we can proudly invite you to come and visit our completed Community Clubhouse. Until that time, the Board of Directors and the staff thank you for your patience.

Keep updated about our progress at www.stgeorgeplantation.com . Call the office at 850-927-2312 if you have forgotten your password.
